In Memorium

Andy Sorensen (1959-2008) Andy was a talented artist, graphic designer, photographer and naturalist who designed the Nature Center's logo and conducted guest programs on snowflake photography and painting nature.

Carole Lloyd (1942-2006) Vice-President, co-Founder and Chief Naturalist of Friends of Eagle River Nature Center from 1995 to May 14, 2006. Carole was the quintessential naturalist. With a love for all things wild, Carole or "ANT" Carole as children referred to her, inspired thousands of people with her gentle, yet passionate way.

Richard "Dick" Lloyd (1944-2004) President, co-Founder and Chairman of the Board of Friends of Eagle River Nature Center, Inc. from 1995 to August 22, 2004. Dick was a vital and instrumental part of the Eagle River Nature Center's success. He was an avid birder, amateur mycologist, architect, engineer and journeyman carpenter with boundless energy and enthusiasm. The nature center was his passion and he is missed by all who had the privilege of knowing him.

Dr. Dave Dolese (1918-2002) David Dolese or "Doctor Dave" as everyone at the nature center fondly called him was a volunteer from 1988-2002. He never complained about the work he did. He picked up trash along the trails, shoveled snow, painted and did whatever needed doing. Had he not become a physician, he most certainly would have chosen to be a naturalist. His son Tom said that "He was enthralled by nature....and had boundless enthusiasm for the natural world." He is sorely missed by all who knew and loved him.
