

Reservation & Cancellation Policy for field trips to ERNC

To make reservations, contact our naturalist at (907) 694-9255 or email naturalist@ernc.org. Provide your name & contact information, date and time of requested visit, estimated number of children and adults. Also, please let us know if your group is planning to eat lunch at any of our public areas.

Self-guided groups of 20 or more participants must have a reservation with ERNC and a permit from Chugach State Park: go to [Self-guided Field Trip](#) to see reservation and cancellation policy.

Upon receiving your request and finding a mutually agreed-upon date/time for your guided program, our naturalist will send you a confirmation and Contract for you to sign and return together with the required deposit to hold your reservation.

Cancellations made less than 7 days of a scheduled guided program are subject to forfeiting the deposit. In the case of significantly bad weather or roads or temperatures below 0 degrees Fahrenheit, we will refund your deposit in full if you have called ERNC at (907) 694-9255.
